This letter is sent in response to the Request for Additional Information sent to the campaign on 12/15/22 regarding a contribution that should have been reported during the 48 hour notice period for the Arizona Primary on August 2nd, 2022.

The contribution was received by wire on July 28, 2022 directly into our bank account. The campaign was not aware of contribution and the details around it until Monday, August 1st. 48 hour notice period was over in Arizona on Monday, August 1st. We used the date the funds hit our account and in doing so missed the 48 hour window and report. We are diligent about the processes in place to make sure that contributions that are received during this time are reported correctly and accurately. We have set up new internal processes to make sure that contributions that are sent to the bank account directly are reported on time.
