

This is in response to the letter dated 8/5/09 referencing the July Monthly Report (6/1/09-6/30/09):

1. Regarding missing occupation information for individuals who contribute in excess of \$200 in a calendar year:

All of our original solicitations include a clear and conspicuous request for the contributor information and inform the contributors of the requirement of federal law.

If the donor has not provided the information, the committee will either call or send a letter with return envelope to the donor within 30 days asking for the occupation with no solicitation and again inform the contributor of the requirements of federal law for the reporting of such information.

Contributor information received after the contribution has been reported is then filed as an amendment memo in the next regularly scheduled report.
