We continue to experience technical difficulties with the current version of the FECFile software, version 6.1-1.3. After several conversations with tech support they are still unable to determine what the problem is or how to fix it. We are receiving warning messages about our committee ID's being missing, although they are there. Tech support mailed us a CD version of the software, but we are still experiencing the same problems. When we emailed tech support the file they said that everything looks fine to them and they do not get the same error messages that we do. Hopefully all of our information is transmitting properly even though it doesn't show at our end. We understand that a new version of the software will be released in June, and hope that this newest version will resolve our issues.
