This is in response to the Commission's Request for Additional Information from Collins for Senate Inc. (the Committee) dated September 14, 2020.

As explained in the Committee's July Quarterly Report, the account information for a debit card belonging to the Committee was stolen and subsequently to make \$15,248.67 in fraudulent charges between April 17th and April 22nd. The Committee reported the fraudulent charges to law enforcement, the Committee's bank, and the Commission immediately upon becoming aware of the fraudulent charges.

Recently, the Committee was informed that \$1,524.45 was recovered by the Committee's bank and returned to the Committee's account. This recovery of funds will be reflected in the Committee's next regularly scheduled report. While the Committee remains hopeful that additional funds will be recovered, it has been informed that such event is unlikely.

Shortly after the fraudulent charges were discovered, the Committee took steps to reduce the likelihood that it will occur again. Specifically, the Committee has cancelled its debit card and opened a credit card account with fraud protection to ensure that the Committee will not be impacted by future theft of its account information. Additionally, the Committee has implemented internal controls to reduce the likelihood that its financial account information will be compromised in the future.
