Please accept this filing in response to an RFAI questioning missing 48 Hour Report contributions. It appears this entity filed 10 48 Hour Reports that included more than 60 contributions. During the busy schedule prior to the 2020 General Election, some batches may have been missed but our intention was to provide accurate and timely filings. We will conduct an internal audit to determine why these contributions were not entered into the 48 Hour Reports and educate staff as needed.

Thank you for your time.
