RE: Response to RFAI Dated January 28, 2025
Report: 30-Day Post-General Report (10/17/2024 - 11/25/2024)

Dear Ms. Grainger,

This letter serves as Greene for Congresss formal response to the Request for Additional Information (RFAI) dated January 28, 2025, regarding the 30-Day Post-General Report. Below, we provide our responses to each item in question.

Item 1: 48-Hour Notice Discrepancy for Christopher C. Welton

The committee filed a 48-hour notice disclosing a contribution from Christopher C. Welton in the amount of \$5,000 on October 31, 2024. This notification was filed in good faith to ensure compliance with 11 CFR 104.5(f), as the contribution was made to an authorized joint fundraising committee, Marjorie Taylor Greenes People Over Politicians Committee. Per the joint fundraising agreement, the total contribution of \$5,000 was allocated among multiple participating committees, including Greene for Congress. Specifically: \$3,300 was attributed to Greene for Congress, consistent with the federal contribution limits under 52 U.S.C. 30116(a); and the remaining \$1,700 was allocated to other participating committees within the joint fundraising structure and was reported accordingly. The committee acknowledges the FECs request for clarification and confirms that only \$3,300 of Mr. Weltons contribution was required to be disclosed in Schedule A of our report. The remaining \$1,700 was allocated and reported by the appropriate recipient committees within the joint fundraising agreement.

Item 2: Clarification of Purpose Deions on Schedule B, Line 17

We have carefully reviewed the concerns outlined in your letter regarding the deions of certain itemized disbursements reported on Schedule B, supporting Line 17. Specifically, the deion Rev Share was identified as potentially requiring additional clarification. After thorough consideration, we respectfully maintain that the deions provided in the report are clear, accurate, and consistent with the requirements outlined in 11 CFR 104.3(b)(4)(i)(A). These deions have been consistently used across multiple committees over three election cycles without any previous inquiries or concerns from the Commission. The term Rev Share accurately describes the nature of the disbursements as they pertain to revenue-sharing agreements, adjustments, and chargebacks related to list rentals and collaborative fundraising activities. Moreover, the guidance provided in the referenced FEC webpage does not indicate that this deion is inadequate or fails to meet regulatory standards. If the Commission believes that alternative phrasing or additional specificity is required, we respectfully request more detailed guidance. The Commissions current guidance remains too general to fully address the nuanced reporting requirements for these particular types of disbursements. We believe our report meets all applicable regulatory standards and trust that the longstanding use of these deions in similar reports demonstrates compliance. However, if the Commission wishes to further clarify its expectations for deions of this nature, we would welcome more explicit instructions to ensure full compliance in future filings.

Greene for Congress remains committed to full compliance with FEC regulations and appreciates the opportunity to clarify these matters. Should you require any further information, please do not hesitate to contact me.

Sincerely,

Jason D. Boles
Treasurer, Greene for Congress
