Form 99 - Monica de la Cruz Hernandez for Congress

Dear Mr. Harkins,

As follow up to our telephone conversation regarding Best Efforts:

First, the committee's original solicitation included a clear and obvious request for the contributor information and informed the contributor of the requirements of federal law for the reporting of such information.

Second, within 30 days of the receipt of the contribution, the committee made one follow-up effort by mail or e-mail to obtain the information if it was not provided. The committee requested the missing information without soliciting a contribution. The notice informed the contributor of the federal requirements for reporting such information. If the committee received contributor information after a contribution had been reported, the committee either amended the appropriate report or filed the information with its next regularly scheduled report as an amended memo Schedule A listing all the contributions for which the requested information was received.

Please let me know if you require any additional information.
