Reference Mid-Year Report (01/01/2015 - 06/30/2015)

To Whom It May Concern:

The Take Back DC Action Committee (the Committee) has a system in place to ensure compliance with the best efforts requirements as provided for by the Federal Election Campaign Act of 1971, as amended, and FEC regulations. All of the Committees original solicitations inform potential donors that the Committee is required by Federal law to use its best efforts to collect and report the name, address, occupation and employer of individuals who contribute more than \$200 during the election cycle. For the donors that do not provide that information, the Committee automatically sends a written request for the missing information within 30 days. This follow up request does not contain a solicitation for any additional funds, and again informs the individual that the Committee is required by Federal law to request this information. Finally, the Committee adds any new information obtained to the database, and includes this information in amended reports filed with the Commission, and any subsequent reports going forward.

Thank you for the opportunity to respond. Please contact us if you need any additional information.

Sincerely,
Paul Kilgore, Treasurer
