TO: Federal Election Commission

LETTER OF INTENT
TO RUN FOR OFFICE OF THE PRESIDENT
OF THE UNITED STATES OF AMERICA 2012 ELECTION
AND
POLITICAL STATEMENT
AND
FINANCIAL STATEMENT
AND
OATH

I Kevin S. Gerig, am residing in Allen County of the state of Indiana am now filing a letter of intent to run for the office of the President of the United States of America as a Write- In Candidate. I do meet the requirement to run for this office.

I wish to be listed as a Independent Candidate non affiliated to any party.

I wish my name to be placed on the Ballot at the following:
 Kevin S. Gerig - RacerCJ30 - KevinWyou - IRONMAN314
 Independent FOR THE PEOPLE
 Presidential Elect 2012 Write-In Candidate

Political Statement:

I am the new blood for the proper and much need change that we all need. My word to create change for all is my promise for what you all deserve. I know that change must take place at the bottom and work up on the levels of income. For the lower class is being left behind and putting more burden on both the Federal and State government. First we must have policy in place that never puts the Federal Government at risk of default affecting the economy or the people and their investments. The risk of default that happen under the Obama Administration never needed to happen. Social Security, Medicare, Medicaid, Postal Service and Government Wage benefit protection is a must that needs to be addressed.

I know we must do what it take to save and improve the quality of government benefit programs for a better standard of living for the people and to insure that they will always be there.

I believe that the minimum check for a Social Security recipients should be \$2,000.00 a month. Plus yearly cost of living increases but not based on a percentage.

I believe the all should pay into Social Security and totally tax free on pay out.

I believe in more government regulations to protect the freedom of people.

I believe that we need to cut the waste of Fe3deral civil response per state and have National Federal Regulation of law.

I don't believe in the three strike law and that is it.

I believe in a better justice system that grants everyone the right to be heard for justice.

12030803769

I also know the only way make the need changes is to do a complete Tax Reform.

I would also like to see a National Health Care system put in place pre-paid like taxes and no co-pay and no deductible and no bills afterwards- just balance up at tax time.

I know that is long overdue for an minimum wage increase. I believe it should be raised to \$12.50 an hour.

I believe that no who is receiving a government check making less than \$24,000.00 a year should also have to pay for Medicare.

I believe that all people receiving Social Security Disabilities checks should also have the right to work without risk of loss of benefits.

I believe that the price of fuel at the pump needs to be as low as possible \$4.00 for a half of a gallon and corn is to much. The same with energy cost and I fully support green energy.

I fully support free trade but other Countries need to pay equal wages as to the US so that Companies don't leave the States for cheaper labor. An these companies need to be penalized if they do leave by seizing their company for the employees that they have hired already.

I believe in freedom of expression and the right to view, obtain adult material and right to express oneself

I believe in civil union as being two or more people.

I believe there is a need to have rights for abortion and solely believe that is the woman choice.

I believe that there no place for religion in government for one religion believe might offend another religion.

My religion believes are to bring an end to pain and suffering where possible and to seek peace wherever needed.

I do believe that we need a immigration reform but I believe that that the American people need to come first for jobs and I support the deportation of illegal immigrates. I believe that the American born children of illegal immigrates should also stay with their parents and wherever a American child is deported to there should be a school built for them. Also all American children deported must have a valid Social Security Number for financial assistances.. When they become of legal age they would get a free ticket back to the states. I also believe in the use of the military to secure protection for these schools and the students that go to them in other Countries.

I also believe that to become a US citizen the requirements of know speaking the English language, have a GED, other documents and for the men they must enlist in the US military for a term of five years.

I fully support the use of the Airforce over ground troops when it comes to military action.

I believe the credit cards finance rates must be lower.

I believe that student loans interest could be subsidized and eliminated for college students. If a plan of mine was in place.

Statement of campaign contributions:

As of May 05, 2012 I have not collected any campaign contributions. When I do collect the \$5,000.00 dollar limit I will file the proper filings. At the present time I don't have the means of software and accounts to collect any contributions. For I am very new to this process.

1203080370

Statement of my financial taxes:

I am receive Social Security Disability Income which I can't afford to live on and my taxes are zero my gross income was \$15,306.00 my net ineorne was \$13,212.00. I will not owe any State or Federal Taxes in the taxing year of 2012. I have filed a extension though.

Yes I do know that I am placing myself at risk! But I believe I have no choice for just like me millions of others also need the help that I must have for a chance to live without placing hardships on others. An this living from check to check must end.

Me running for office does not make me any less Disable or less deserving of any entitled benefits. For I do not consider it a job but a honor. Living from check to check now that is a dead end job. Just like working and having nothing after you pay your basic bills. Been there done that.

Statament Of Political Party that I have contacted and reason for late Race entry:

I spent end of 2011 and four months of the first of the year dealing with severe dental pain that was making me sick for I had not resources and their was no assistance to help with this for Medicare does not cover Dental and places would not assist me because I had Medicare. I finally did come up means to get two teeth extracted. This is something that I want to change with my National health care plan.

I did contact the Allen County election commission and did notified them of my intention to run for President. They told me that I needed to contact the State of Indiana Election Commission and that it was to late to run as a Republican, which I knew that. They also told me it was to late to run as a Democrat. They said I could run as a Libertarian or a write in candidate. I did call the State of Indiana Election Commission, I got a recording and left a message I never heard back from them. I did not know that I need to file with the Federal Election Commission or the filing form that are required until later. I am still not sure of the laws governing the whole Presidential Election process.

I contacted the Libertarian Party and informed them of my intention to run for President I was told that it was a little bit late to start. I was never inform of what I needed to do to be in compliance with the Election Laws. But I did and have been receiving e-mails for the Libertarian Party the first one I received state that I needed to pay a membership fee for which I did not have and also stated the I needed to be in Las Vegas, NV for their candidates debates and nomination pick well due to the lack of funds and inability to obtain campaign contribution I could not make it to the Libertarian Election Convention. I believe the pick their neminee today 05-05-12.

It would be nice to be party affiliated for the backing but I I want to represent a little bit of each party beliefs and more. At this late date I have no choice but to run as a Independent Write-In Candidate.

Statement of Oath:

If elected I swear to serve to the best of my ability as the peoples Represented Leader of choice for a committed change for the better for all. So all of are forefathers can rest peacefully and the children children of tomorrow will have something to look forward too.
