Re:RFAI dated August 8, 2024

In response to this RFAI, from November 7 - November 8, 2024, this Committee began amending reports from the 2022 cycle through the 2023 April Quarterly Report to correct calculations that were throwing off both Cash on Hand (COH) balances and other Column A and Column B calculations. The technical issue that led to the misalignment has been fixed and there is no longer any misalignment of COH between the 2022 Year End Report and the 2023 April Quarterly Report. All amendments are duly filed. This Committee will file amendments for the follow-on 2024 cycle reports that have been affected by the change in COH.
