This Form 99 is in response to the Commission's Request for Additional Information (RAI) dated November 24, 2020. This RAI relates to independent expenditures the Alliance for a Better Minnesota Federal PAC, ID Number C00564013 (the Committee) disseminated on August 19, 2020 and September 9, 2020 in the amounts of \$230,756 and \$92,782.40, respectively, through its vendor Clarify Agency. At the bottom of this form is a full accounting of the relevant expenditures as of the date they were reported to the Commission.

Due to an internal miscommunication, the Committee did not become aware that these expenditures were not timely reported until Saturday, September 19, 2020. Immediately after becoming aware of that the reports had not been filed, the Committee contacted its vendor to gather all necessary information and reported the expenditures on Monday, September 21, 2020, which was within forty-eight hours of identifying the error. The first expenditure of \$230,756 was reported thirty days late and the second expenditure of \$92,782.40 was reported eight days late. In both cases, the Committee acted as quickly as possible to correct the error and the information was made available to the public forty-three days before the election. Additionally, these expenditures were timely reported on the Committee's October Quarterly Report.

The Committee has modified its internal processes to ensure that this type of reporting error does not reoccur.
