Kaine for Virginia (the “Committee”) submits this letter in response to your letters dated May 18, 2025 regarding the Committee’s Amended 2023 April Quarterly Report; Amended 2023 July Quarterly Report; Amended 2023 October Quarterly Report; Amended 2023 Year-End Report; Amended 2024 April Quarterly Report; and 2025 April Quarterly Report.

First, each of your letters states that the Commission notes the Committee’s previous explanation of the unauthorized activity regarding funds misappropriated by the Committee’s former treasurer and asks that the Committee provide any additional information as it becomes available. The Committee is working with the Office of General Counsel on this matter and will update the Commission as it learns new information. For context, the Committee refers the Commission to its Form 99 submission dated April 12, 2025.

Second, the Committee has refunded any contributions that appeared to exceed limits. Many of the contributions identified in your letters had already been refunded by the Committee as part of the audit and amendment process that the Committee initiated following its discovery of its former treasurer’s misappropriation. Although some contributions may have been returned beyond the 60-day timeframe, the Committee has been working diligently to correct the actions of its former treasurer. That is the context for the majority of these refunds.

The Committee has submitted an amended July 2021 Quarterly Report and April 2022 Quarterly Report to correct the election designations regarding contributions from James Hixon, Frances Crutchfield, and William Little. The former treasurer incorrectly designated the election for these contributions by failing to designate them for the general election, although she listed the correct designation within the Committee’s internal files.

Several contributions identified in your letters did not, in fact, need to be refunded.

- The contributions donated by “Patricia White” came from different individuals with the same name.
- The contributions attributed to HUI-O PAC should have been attributed to Hawaii PAC (C00148247), which is a qualified multicandidate committee. The Committee has amended the relevant report to make this correction.

Finally, the “increase in disbursements” referenced in your letter regarding the 2023 Amended Year-End Report also relate to the reporting to correct the misappropriations and other errors of the former treasurer. Please see the Committee’s Form 99 dated April 12, 2025, for further context.

Please do not hesitate to reach out if the Committee can provide any further information.
