I Grover Cleveland mullins do this 20th day of December with Draw my Application to run for President due to the unfair advantages given to hand picked candidates by CNN and the Democratic national Committee solely based on income standing and political appointment and equality for all candidates not being given and the FEC allowance of interference of a federal election I find I must withdraw from what should be left up to the people's pick nationally who would make the best president. I also find it appalling that as FEC committees may in its self be corrupted and allows such actions to take place by CNN and the DNC. I wish these remarks to be made record proof my accusations and thoughts as an American citizen that thought that the FEC was Americas watch dog or the Enforcers of violators when an election has been corrupted whether it is by the news media Black Legging an election or singling out potential Qualified candidates forcing out legally registered candidates by discriminatory tactics and bully maneuvers that have jeopardized a Federal Election these were facts mailed to the FEC whom has failed to serve the American interests in electing a president. I find myself ashamed as an American citizen of the policemen of American elections personnel in the FEDERAL ELECTION COMMISSION these people in my opinion are as bad as the gangsters of the 1930s Why because these same personnel have failed to moderate the news media's actions in this election process and earn the pay the tax payers like myself they receive each month yes I withdraw my application due to unfair practices of the media and the failure of the FEC to Enforce the laws that apply to the same violations corrupt politicians used in the 1800s and 1930s The FEC instead of investigating allegations mailed to them by this office have decided to require a form be filled out while the accusations were mailed by U.S. mail to them from my campaign headquarters so since I go by what I have stated before and now they fail to do their jobs which leads me to believe one or more of FEC officials has other agendas than properly electing an American president in a legal manner which follows the laws of the Constitution, Bill of Rights and Equal opportunity laws that all states have that require no business to discriminate against person or persons based on age sex religion and also a person's wealth should not be considered when electing a president or political standing

This is authorized by the campaign vote grover for president December 20th 2007

This is my official notification to the Federal Election Commission

Sincerely

Grover Cleveland Mullins I affirm before me this
