Reference: Request for Additional Information issued: 7/19/2022

Dear Mr. Dobi:

The Request for Additional Information states that the committee may have failed to file one or more last minute 48 hour notification reports during the 48 hour reporting period. Blake Moore for Congress has very firm, written procedures in place for 48 hour notification filings. Through our compliance firm, the Committee provides multiple notifications of the 48 hour requirements to all fundraisers, agents, and staff of the Committee, both prior to and repeatedly during the 48 hour filing period. All relevant parties provide documentation and verify all contributions and provide them to our compliance firm for filing. All contributions are further sent overnight to the compliance firm to physically verify and deposit.

In these instances, the following occurred: for Robert Granieri, the contribution was received through an earmarking organization and online portal that was outside of the committee's standard, and the committee didn't receive the actual funds in their bank account until well after the 48hr period closed, thus the F6 was inadvertently missed. For L3 Harris Technologies, upon research, the contribution was actually received by the committee on 5/9, and therefore outside of the 48hr reporting period. The committee mistakenly dated the contribution as the date on the check rather than the date of receipt. The Pre-Primary report has been amended to reflect the corrected date, and the committee did not actually fail to file a F6 in that situation.

The campaign is very serious about following the law and proper procedures and has always acted in good faith to adhere to Federal election regulations.
Please do not hesitate to contact us should you have any further questions

Sincerely,

Steven Martin
