Please note: The committee will provide any additional information regarding the adjustment entries should it become available. Additionally, the committee disclosed a detailed description of its procedures for requesting “best efforts” information on a March 10, 2021, Form 99. The procedure has been reprinted below.

The Committee has demonstrated the necessary steps to establish best efforts to obtain and disclose the full identification of all individuals who contribute in excess of \$200 in an election cycle. These efforts include a clear request with the original solicitation, followed by a Request for Missing information Letter within 30 days, which clearly asks for the missing information without soliciting a contribution. In addition, the letter reads: Federal law requires us to make our best efforts to collect and report the name, mailing address, occupation and name of employer of all individuals who contribute in excess of \$200 in an election cycle. We then enclose a self addressed envelope and include an email address and telephone number to reach the committee with any questions. A second Request for Missing Information Letter is sent if we do not receive the information in a timely manner. In the event that we receive additional information from contributors whose information was not originally disclosed, we will amend the appropriate report to reflect the additional disclosures properly.
