RE: Amended 12 Day Pre-Primary Report #2 (04/01/2020-04/08/2020), Received 01/31/2021
Dear Chris Jones:

This is in response to the questions posed in the RFAI for the period 04/01/2020-04/08/2020. The receipts were originally reported as \$48,846.96 for the period. The amendment filed for that reporting period reflects a revised amount of \$116,211.86. The amendment addressed an issue with the deposits in transit at the end of the preceding reporting period. Originally, the contributions were reported in the reporting period in which the contributions were entered into the reporting database, rather than the date on which the contribution was processed online, which was in a different reporting period. The dates of these contributions were corrected and changed to the processed date, rather than the deposit date, or the data entry date.

With regards to the amendments related to disbursements, all were originally reported. However, in many cases the expenses that pertained to digital consulting and/or credit card fees were either duplicated or were over reported. Those expenses were reconciled and amended to reflect the correct amounts of the disbursements, rather than the errors that had been included in the original reports.

Additionally, due to COVID19 the Ohio primary election date was changed, and there was some confusion surrounding the primary election reporting requirements, which also caused confusion regarding the reporting periods for the pre-primary report. Ultimately, in an abundance of caution, the Committee filed two pre-primary reports, one for the original reporting period and another for the new primary date and reporting period. The amendments merely made sure that all the receipts and disbursements were reported within the reporting period for each of the pre-primary reports filed.

Please feel free to contact us if you have any further questions.

Sincerely,

Thomas Datwyler
Treasurer
Jim Jordan for Congress
