This letter is in response to the Commission's Request for Additional information dated November 29, 2018 regarding the 2018 amended September Monthly report covering 8/1/18-8/31/18. All independent expenditures in question were filed as estimates and the committee ultimately did not spend those budgeted funds. The exception being four items paid to Infocision Management Corporation in September and one item paid to Political List Brokers in October for items on the Estimate. The payments all appear on subsequent reports and the Committee properly linked those payments to the estimates through memo text on each transaction and noted the invoices were received late by the committee.
