Statement regarding the Amended Report for the Third Quarter of 2023:

In addition to reclassification of an expenditure from the candidate's personal funds, this amendment removed erroneously double-entered other expenditures totaling \$50,000. The error was not caught at the time of preparation of the original report because the expenditure from the candidate's personal funds was coincidentally also \$50,000, resulting in a total expenditure figure that then appeared to reconcile. This error was caught this past January when both the year-end report and amended third quarter report were prepared. The amended report as well as the subsequent year-end report accurately reflect committee finances.
