This is in response to the November 3, 2021 letter from the Commission requesting additional information about the 2021 October Quarterly Report regarding 2 contributions that may have exceeded the limits set forth in the Act. One of the contributions was made on the last day of the period and the Committee was waiting for a response back from the donor to either reattribute or redesignate the donation. The donor responded and the donation has been reattributed to his spouse. This will be reflected on the 2021 year end report.

The other donations was an erroneous JFC distribution accepted by the campaign. This distribution has been returned to the JFC and will be shown on the April quarterly report.
