This letter is submitted in response to an inquiry I received from the FEC dated January 6th, 2026 referencing my October Quarterly Report for US Christian Citizens PAC.

The issue at question was a refund of contribution made to S Gregory Hays Receiver for First Liberty which appeared on this report. However, the campaign finance analyst could not locate a contribution which ever came from this person/entity.

The contribution in question was received from First National Investments on 7/24/2024 at PO Box 2567, Newnan, GA 30264.

The amount of the contribution was \$12,500.

Unfortunately, a year later the owner named Brant Frost admitted to running a gigantic ponzi scheme. This was quite a large news story as hundreds of investors had been defrauded of millions of dollars. The Securities and Exchange Commission asked the court to appoint a Receiver to help recover as much of the funds as possible for the investors. The Receiver appointed was S Gregory Hays.

Georgia Secretary of State Brad Raffensburger issued a public request for any candidate committees or Political Action Committees that had received contributions from Brant Frost IV, First Liberty Investments, First National Investments, and all other affiliated entities owned and operated by Brant Frost to return the funds to the court-appointed receiver, as it was believed that the funds that had been donated were actually investor funds that had been put in the ponzi scheme.

Since this committee had received \$12,500 from one of those entities, we returned all \$12,500 back to the court appointed receiver and recorded it on our quarterly report as an expense for a refund of contribution to S Gregory Hays Receiver for First Liberty.

Hopefully this clears up any confusion related to how this was reported.
