

This is in response to the letter dated 7/13/07 referencing the Amended April Monthly Report (3/01/07-3/31/07):

1. When preparation of the May Monthly Report began, it was immediately realized that \$55,842.99 in unitemized contributions received during the April 2007 Monthly reporting period did not appear on the report. The error was corrected with the Amended April Monthly report filed on 5/9/07.

Moving forward, the preparer of our committee's reports will explain future amendments to reports in the form of a miscellaneous electronic submission to clarify any changes.

2. A \$2500 refund was made on 2/16/07 to the "Oneida Tribe of Indians" to correct for the amount by which the tribe's contributions exceeded 2006 contribution limits.

Upon review, it appears that the way this refund was recorded was incorrectly effecting the 2007 Aggregate Year-to-Date total. Contributions received during the April Monthly reporting period are as follows:

\$500.00 on 3/07/07

\$6000.00 on 3/14/07

The Aggregate Year-to-Date total should have been reported as \$6500. This error has been corrected as reflected in the amended report to be uploaded with this electronic submission.
