Merrifield	VA	22116

This Form 99 Submission is in response to the Commission's letter dated January 11, 2026, regarding the Committee's 30 Day Post-Special Report. The Committee intends to submit amendments to all reports, beginning with the 2025 July Quarterly report. Those amendments should serve as a response this Request for Additional Information as well as the RFAI dated September 28, 2025. An undisclosed issue with the reporting system was recently discovered that did not correctly upload accurate occupation and employer information from the ActBlue data on the 30Day Post-Special Report. This will be correct in with the pending amendment(s). The Committee does include a clear request for the contributor information, along with all requirements of federal law for the reporting of such information in each solicitation. Although the majority of the Committee's contributions are received as conduit contributions through ActBlue, those requirements are included on all other solicitations by the Committee. Secondary requests for information that is not provided with the original contribution are also submitted either by email or telephone. For this report, all occupation and employer was provided, however, it was not transferred in the original ActBlue import. Those occupation and employer additions/corrections will be provided with the forthcoming amendment(s).
