Please accept this Form 99 as a partial response to a recent conversation with the FEC. The FEC requested this committee make amendments to reports to more accurately reflect disbursements in the 2024 election cycle. We have attempted to show the changes as accurately as possible based on the spreadsheet provided to the committee. These amendments will begin to post shortly after this Form 99 submission. Please note the 1,000.00. contribution that remains uncleared should be the only item not adjusted. The changes in disbursements also changed cash on hand, eventually making the cash on hand negative. This filing is being made to attempt to provide clarity as to why disbursements were changed and why the cash on hand now is negative. Please reach out with any questions. Thank you for your time.
