Response to RFAI letter dated September 21, 2021

Raymond Holderman made two donations of \$2,900 via WinRed on May 31, 2021, which were properly attributed as \$2,900 Primary 2022 and \$2,900 General 2022. On June 27, 2021, those two donations were reversed by the bank and credited back

to Mr. Holderman. The two reversed donations should have been allocated as \$2,900 Primary 2022 and \$2,900 General 2022

to match the allocation of the original donations. The campaign has updated its database to reflect the proper election period. Please accept this Form 99 as clarification of the clerical error on the report, which otherwise accurately shows both the donations and reversed donations of Mr. Holderman.

When donations are reversed by the donor via chargeback through WinRed, they will be reported as negative contributions on Schedule A. If the campaign receives a request to refund a donation and issues a refund check, such a transaction will be reported on Schedule B, Line 20a.
