I received your notice: that my committee name was missing my name. I hadn't been aware of the requirement. A few minutes ago, I filed a Form 1 to change the committee name to BERMAN4Congress2Make America Geeky Again. I believe that complies since it contains my last name...I see other similar committee names. On this Form 2, I am leaving the box checked for Existing Committee (it has the correct ID), and the info is shaded and not changeable, and so doesn't allow me to change the name. I believe this is makes sense, since the committee ID is the same, and your system will update the name on this form. So this Form 2 has no changes from me (aside from this note), because I'm assuming that your system will update the committee name....thanks...johnb
