Analysis Division

RE: Amended April Quarterly Report (02/25/24 03/31/24), Received 12/04/24

Ms. Seiler

The Committee is in receipt of the Commissions Request for Additional Information dated January 14, 2025, with a response due date of February 18, 2025. The Committee respectfully submits the following response:

The Committee has reviewed the correspondence associated with the two items omitted in the original April Quarterly Report, which were the subject matter of the Commissions Request for Additional Information dated October 30, 2024 concerning debt in the July Quarterly Report which had beginning balances not previously reported on the April Quarterly Report. This reviewed at that time, and the April Quarterly Report was Amended. At the time of the original filing of the April Quarterly report, the Committee had just experienced the loss of the candidate in the primary election, and many staff members were no longer employed with the Committee.

In my efforts as the Treasurer and Compliance Officer for the Committee, we began to assess what may or may not have been outstanding as part of a determination to terminate the committee. The two invoices in question totaling a debt of \$13,178.46 not originally reported were received and not previously known to myself or the remaining staff members until after the April Quarterly Report was originally filed on 4/15/24. Once the invoices were made known to us, we processed accordingly and used the original invoice dates which were within the reporting time period for the April Quarterly Report but not reflected to the Commission and therefore the public until the filing of the July Quarterly Report on 7/15/24.

The failure to promptly file an amended April Quarterly Report rests with me as Treasurer of the Committee because of human oversight in the need to file such an amendment at that time. On behalf of the Committee, I offer my sincere apology to the Commission and the public at large. This oversight was in no way an attempt to deceive the public or hide debt. As part of the Request for Additional Information letters associated with this Committee regarding this issue, the Committee has revised its policies and procedures on the notification of contractual items which may generate invoices, as well as an additional thorough review of any debts that need to be reported prior to filing moving forward. At this time, the Committee has resolved and paid all debts associated with the Committee apart from the personal candidate loan currently disclosed.

We believe this resolves all matter of things, but should the Commission have further questions, please dont hesitate to contact the Committee.

Sincerely,

Jeremie McCubbin, Treasurer
on behalf of Dixon For Congress
