Please note: In July of 2013, the Committee discovered that there was a merchant chargeback error from Election Mall Technologies, which had since closed. Many attempts were made to reach the company’s representatives to address the issue. At the time, in consultation with the analyst at the FEC, it was advised that the Committee carry an estimated debt for a period of time and then expunge that debt. The Committee acted in accordance with the FEC advice. The debt has now been expunged and removed from the public record and will no longer be reported by the Committee.

Sincerely,

Jill Thomson
