The Committee responds to the May 12, 2016 RFAI, with response due June 16, 2016, as follows: 1. The amounts corresponding to the debts referenced were monthly estimates that were budgeted for, but never actually spent; the February report has been amended to remove those expenditures and debts. 2. The Committee reiterates its previous objections to reporting debts when its billing arrangements with its vendors are such that no debts actually exist, and, under protest, files the succeeding amendments to include these FEC-mandated debts, and to remove other independent expenditure estimates where the budgeted amounts were never spent. 3. Due to an internal tracking error, the independent expenditures referenced here were incorrectly reported as being disseminated in February, and included incorrect descriptions. These amounts are the final payments for communications disseminated in 2015, and were properly reported on the monthly estimates for the corresponding months. More information about the initial reporting of these expenditures can be found in the Committee's response to a previous RFAI, filed 5/19/16. The report has been amended to correct the descriptions and dissemination dates. 4. Due to an error with the Committee's filing software, certain year-to-date aggregates listed on Schedule E were incorrect. The report has been amended to correct these aggregates. Please note that due to the removal of estimated expenditures on this and the February report, the aggregate has been reduced significantly.
